

```
1: #include<stdio.h>
2:
3: int main(void) {
4:     char x[10];
5:     int i = 0;
6:
7:     while((x[i] = getchar())!= '\n' && i < 8){
8:
9:         i++;
10:    }
11:    x[++i] = '\0';
12:    printf("%s", x);
13: }
14:
```
